

From Vision to Reality
Maximizing your Home

My name is Sandy Brudner. I am the founder and principle designer of Sandy B Interiors, a referral based Interior Design Studio in Jerusalem.

My passion is helping families design their homes in Israel. I believe our homes are the foundations of our lives. It's the place we feel safe and secure and the place that nurtures us and our families.

At Sandy B Interiors, we specialize in soulful full service design always starting with how our clients want to feel in thier completed space. We work with our clients to design a home that reflects their desires, personality and style.

What space are you transforming?

Answer these questions:

What is the Purpose of the Space?

- ▶ What activities will be done in each space?
- ▶ Who will be using the space?
- ▶ What appliances / electronics do you need for the space?
- ▶ What furniture do you need for the space?
- ▶ What lighting do you need for the space?
- ▶ What plumbing do you need for the space?

Answer this questions:

Make a list of activities and functions that will take place

- ▶ What are the needs of those that will use the space?
- ▶ What are your hobbies?
- ▶ Will you be using the space to entertain?
- ▶ For a family or a retired couple?

What can you do to improve you layout?

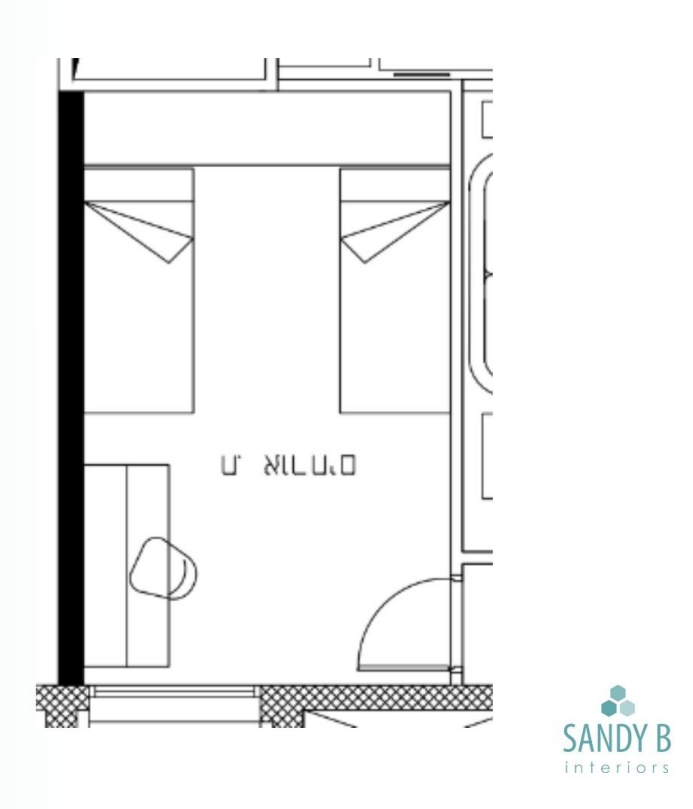

If you haven't used it in a year you probably won't

Install Mirrors:

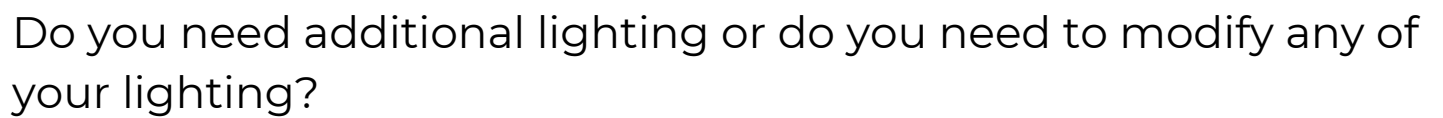

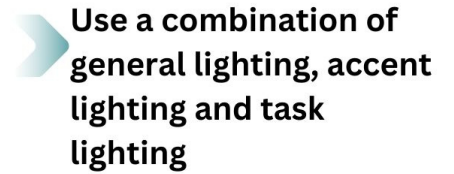

Mirrors can make a small space feel larger and brighter by reflecting light and views. Placing a large mirror on a wall or using mirrored furniture pieces can expand the visual space.

Utilize the space under beds for storage

Utilize the space under beds for storage

Do you have a combination of General lighting, Accent lighting and Task lighting?

Reflect views and light by installing mirrors across the window

Light colors make spaces feel bigger and brighter. Using shades of white, light gray, or pastels on the walls can create a sense of more space.
